

Index to Volume 23

AUTHOR'S INDEX*

- AVERY, GORDON B. (with Guandolo, Vincent, Silver, Larry B., Barton, William, Murphy, Tim, and Rubin, Jean), The battered child syndrome, 139
 — (with Feitel, Morris), Respiratory disease in the newborn, grand rounds, 197
 BARNET, ANN B. and LODGE, ANN, Diagnosis of hearing loss in infancy by means of electroencephalographic audiometry, 1
 BARTON, WILLIAM (with Guandolo, Vincent, Silver, Larry B., Murphy, Tim, Rubin, Jean, and Avery, Gordon B.), The battered child syndrome, 139
 BAZELON, MARY, Book review: Genetics in medicine. By James S. Thompson and Margaret W. Thompson, 165
 —, Serotonin metabolism in Down's syndrome, 58
 BERMAN, SIDNEY, The psychological implications of intractable asthma in childhood, 210
 COHEN, GEORGE J., Book review: Disorders of the respiratory tract in children. Edited by Edwin L. Kendig, Jr., 195
 COWIE, VALERIE, Neurological aspects of the early development of mongols, 64
 DAVOLI, ENRICO, Book review: Pediatric therapy, edited by Harry C. Shirkey with 84 contributors, second edition, 164
 DUBOWITZ, VICTOR, Infantile muscular atrophy—a broad spectrum, 223
 ENG, GLORIA, Physical medicine and the collagen vascular diseases in children, 218
 FEITAL, MORRIS, AND AVERY, GORDON B., Respiratory disease in the newborn, grand rounds, 197
 FENICHEL, GERALD M. (with Hung, Wellington), Endocrine, chromosome, and muscle studies in oculomandibulodyscephaly, 160
 —, Special review: The British Medical Bulletin "Recent studies of the hypothalamus", 195
 FOLEY, THOMAS M., Common foot disorders in children, 109
 FULCHER, O. HUGH (with Luessenhop, Alfred J., and Williams, Jonathan M.), The current status of the management of hydrocephalus and its complications, 88
 GLATT, MILTON S., Book review: Clinical management of behavior disorders in children. By Harry Bakwin and Ruth Morris Bakwin, third edition, 250
 GUANDOLO, VINCENT, SILVER, LARRY B., BARTON, WILLIAM, MURPHY, TIM, RUBIN, JEAN, AND AVERY, GORDON B., The battered child syndrome, 139
 GUTELIUS, MARGARET F., Book review: Dynamics of development. By Dorothy V. Whipple, 105
 HAGGERTY, ROBERT JOHNS, Copeland memorial lecture: Community pediatrics, 281
 HAKA, KATERINA K., Diagnostic approaches to mental retardation, 239
 HERER, GILBERT R., Evaluation of hearing in infants and young children, 18
 HUNG, WELLINGTON, AND FENICHEL, GERALD M., Endocrine, chromosome, and muscle studies in oculomandibulodyscephaly, 160
 JACOBSON, CECIL B., The nature of the chromosomal defect in mongolism, 43
 L.VECK, GERALD D., Epidemiologic research in mental retardation, 329
 LICHTENBERG, HENRY H., The role of the pediatrician in the prenatal and neonatal interviews, 270

* January, pp. 1-42; February, pp. 43-82; March, pp. 83-108; April, pp. 109-138; May, pp. 139-166; June, pp. 167-196; July-August, pp. 197-222; September, pp. 223-253; October, pp. 253-280; November, pp. 281-308; December pp. 309-344.

- LILLY, JOHN (with Randolph, Judson, and Young, Mary), Esophageal atresia and associated defects, grand rounds, 309
- LODGE, ANN (with Barnet, Ann B.), Diagnosis of hearing loss in infancy by means of electroencephalographic audiometry, 1
- LOURIE, REGINALD S., Diagnosis in adolescent problems, 33
- , Personality development and the genesis of neurosis, 167
- LUESSENHOP, ALFRED J., WILLIAMS, JONATHAN M., AND FULCHER, O. HUGH, Current status of the management of hydrocephalus and its complications, 88
- MCCLENATHAN, JAMES E., Cardiopulmonary bypass, 182
- , Congenital anomalies of the liver and biliary system, 323
- MILLER, MEREDITH H. (with Watts, James W.), Surgical treatment of craniosynostosis, 83
- MURPHY, TIM (with Guandolo, Vincent, Silver, Larry B., Barton, William, Rubin, Jean, and Avery, Gordon B.), The battered child syndrome, 139
- ONG, BEALE N., Clinical comparisons of trisomic and translocation Down's syndrome (mongolism), 49
- OPPÉ, THOMAS E., Enuresis, 274
- OZER, MARK N., Learning problems in children, IV, 188
- , The face-hand test in children: directions and scoring, 305
- PERRY, LOWELL W. AND SCOTT, LEWIS P., III, Cor triatriatum: clinical and pathophysiological features, 294
- AND SCOTT, LEWIS P., III, Toward understanding the pediatric electrocardiogram, 253
- RANDOLPH, JUDSON, LILLY, JOHN, AND YOUNG, MARY, Esophageal atresia and associated defects, grand rounds, 309
- ROSNER, FRED, Dermatoglyphic and biochemical comparisons of trisomic and translocation Down's syndrome (mongolism), 55
- RUBIN, JEAN (with Guandolo, Vincent, Silver, Larry B., Barton, William, Murphy, Tim, and Avery, Gordon B.), The battered child syndrome, 139
- SCOTT, LEWIS P., III (with Perry, Lowell W.), Cor triatriatum: clinical and pathophysiological features, 294
- (with Perry, Lowell W.), Toward understanding the pediatric electrocardiogram, 253
- SILVER, LARRY B. (with Guandolo, Vincent, Barton, William, Murphy, Tim, Rubin, Jean, and Avery, Gordon B.), The battered child syndrome, 139
- STURBS, PEGGY A., Book review: Human development. By 25 authorities, edited by Frank Falkner, 164
- TANNHAUSER, MIRIAM, Learning problems in children: III, educational issues, 123
- VILLAVICENCIO, OLMEDO, Book review: Hematologic problems in the newborn. By Frank A. Oski and J. Lawrence Naiman, Volume IV in the series, Major problems in clinical pediatrics, Alexander J. Schaffer, consulting editor, 41
- WATTS, JAMES W. AND MILLER, MEREDITH H., The surgical treatment of craniosynostosis, 83
- WEISS, SHEILA, The use of occupational therapy in a pediatric setting, 118
- WILLIAMS, JONATHAN M. (with Luessenhop, Alfred J. and Fulcher, O. Hugh), The current status of the management of hydrocephalus and its complications, 88
- YOUNG, MARY (with Randolph, Judson, and Lilly, John), Esophageal atresia and associated defects, grand rounds, 309

SUBJECT INDEX*

- Adolescent problems, diagnosis in (Lourie), 33
- Anomalies, congenital, of the liver and biliary system (McClenathan), 323
- Asthma, intractable, in childhood, the psychological implications of (Berman, 210)
- Atresia, esophageal, and associated defects, grand rounds (Randolph, Lilly, and (Young), 309
- Atrophy, infantile muscular—a broad spectrum (Dubowitz), 223
- Audiometry, electroencephalographic, diagnosis of hearing loss in infancy by means of (Barnet and Lodge), 1
- Battered child syndrome, the (Guandolo, Silver, Barton, Murphy, Rubin, and Avery), 139
- Biliary system, congenital anomalies of the liver and the (McClenathan), 323
- Biochemical comparisons of trisomic and translocation Down's syndrome (mongolism), dermatoglyphic and (Rosner), 55
- Biochemical, dermatoglyphic and, comparisons of trisomic and translocation Down's syndrome (mongolism) (Rosner), 55
- Book reviews:
- Clinical management of behavior disorders in children. By Harry Bakwin and Ruth Morris Bakwin, third edition, 250
- Disorders of the respiratory tract in children. Edited by Edwin L. Kendig, Jr., 195
- Dynamics of development: Euthenic pediatrics. By Dorothy V. Whipple, 105
- Genetics in medicine. By James S. Thompson and Margaret W. Thompson, 165
- Hematologic problems in the newborn. By Frank A. Oski and Lawrence Naiman, Vol IV in the series, Major problems in clinical pediatrics, Alexander J. Schaffer, consulting editor, 41
- Human development. By 29 authorities, edited by Frank Falkner, 164
- Pediatric therapy. Edited by Harry C. Shirkey with 84 contributors, second edition, 164
- Bypass, cardiopulmonary (McClenathan), 182
- Cardiopulmonary bypass (McClenathan), 182
- Chromosomal defect in mongolism, the nature of the (Jacobson), 43
- Chromosome, endocrine, and muscle studies in oculomandibulodyscephaly (Hung and Fenichel), 160
- Clinical comparisons of trisomic and translocation Down's syndrome (mongolism) (Ong), 49
- Collagen vascular diseases in children, physical medicine and (Eng), 218
- Common foot disorders in children (Foley), 109
- Community pediatrics, the Copeland memorial lecture (Haggerty), 281
- Comparisons, clinical, of trisomic and translocation Down's syndrome (mongolism) (Ong), 49
- Comparisons, dermatoglyphic and biochemical, of trisomic and translocation Down's syndrome (mongolism) (Rosner), 55
- Congenital anomalies of the liver and biliary system (McClenathan), 323
- Copeland memorial lecture, the: Community pediatrics (Haggerty), 281

* January, pp. 1-42; February, pp. 43-82; March, pp. 83-108; April, pp. 109-138; May, pp. 139-166; June, pp. 167-196; July-August, pp. 197-222; September, pp. 223-253; October, pp. 253-280; November, pp. 281-308; December, pp. 309-344.

- Cor triatriatum: clinical and pathophysiological features (Perry and Scott), 294
- Craniosynostosis, the surgical treatment of (Watts and Miller), 83
- Current status of the management of hydrocephalus and its complications (Luessenhop, Williams, and Fulcher), 88
- Dermatoglyphic and biochemical comparisons of trisomic and translocation Down's syndrome (mongolism) (Rosner), 55
- Development, personality, and the genesis of neurosis (Lourie), 167
- Diagnosis in adolescent problems (Lourie), 33
- Diagnosis of hearing loss in infancy by means of electroencephalographic audiometry (Barnet and Lodge), 1
- Diagnostic approaches to mental retardation (Haka), 239
- Down's syndrome (mongolism), clinical comparisons of trisomic and translocation (Ong), 49
- Down's syndrome (mongolism), dermatoglyphic and biochemical comparisons of trisomic and translocation (Rosner), 55
- Down's syndrome, serotonin metabolism in (Bazelon), 58
- Educational issues, learning problems in children, III (Tannhauser), 123
- Electrocardiogram, pediatric, toward understanding the (Perry and Scott), 253
- Electroencephalographic audiometry, diagnosis of hearing loss in infancy by means of (Barnet and Lodge), 1
- Endocrine, chromosome, and muscle studies in oculomandibulodyscephaly (Hung and Fenichel), 160
- Enuresis (Oppé), 274
- Epidemiologic research in mental retardation (LeVeck), 329
- Esophageal atresia and associated defects, grand rounds (Randolph, Lilly, and Young), 309
- Evaluation of hearing in infants and young children (Herer), 18
- Face-hand test, the, in children: directions and scoring (Ozer), 305
- Foot disorders, common, in children (Foley), 109
- Genesis of neurosis, personality development and the (Lourie), 167
- Hearing, evaluation of, in infants and young children (Herer), 18
- Hearing loss in infancy, diagnosis of, by means of electroencephalographic audiometry (Barnet and Lodge), 1
- Hydrocephalus, the current status of the management of (Luessenhop, Williams, and Fulcher), 88
- Infantile muscular atrophy—a broad spectrum (Dubowitz), 223
- Learning problems in children: III, educational issues (Tannhauser), 123
- Learning problems in children: IV (Ozer), 188
- Liver, congenital anomalies of the, and biliary system (McClenathan), 323
- Management of hydrocephalus and its complications, the current status of (Luessenhop, Williams, and Fulcher), 88
- Medicine, physical, and the collagen vascular diseases in children (Eng), 218
- Mental retardation, epidemiologic research in (LeVeck), 329
- Mental retardation, diagnostic approaches to (Haka), 239
- Metabolism, serotonin, in Down's syndrome (Bazelon), 58
- Mongolism, the nature of the chromosomal defect in (Jacobson), 43
- Mongols, neurological aspects of the early development of (Cowie), 64
- Muscle studies, endocrine, chromosome, and, in oculomandibulodyscephaly (Hung and Fenichel), 160
- Muscular atrophy, infantile—a broad spectrum (Dobowitz), 223

- Nature of the chromosomal defect in mongolism, the (Jacobson), 43
- Neonatal interviews, the role of the pediatrician in the prenatal and (Lichtenberg), 270
- Neurological aspects of the early development of mongols (Cowie), 64
- Neurosis, genesis of, personality development and (Lourie), 167
- Pediatric electrocardiogram, toward understanding the (Perry and Scott), 253
- Prenatal and neonatal interviews, the role of the pediatrician in (Lichtenberg), 270
- Occupational therapy, the use of, in a pediatric setting (Weiss), 118
- Oculomandibulodyscephaly, endocrine, chromosome, and muscle studies in (Hung and Fenichel), 160
- Pediatrics, community, the Copeland memorial lecture (Haggerty), 281
- Personality development and the genesis of neurosis (Lourie), 167
- Physical medicine and the collagen vascular diseases in children (Eng), 218
- Psychological implications of intractable asthma in childhood, the (Berman), 210
- Respiratory disease in the newborn, grand rounds (Feitel and Avery), 197
- Retardation, mental, diagnostic approaches to (Haka), 239
- Retardation, mental, epidemiologic research in (LaVeck), 329
- Role of the pediatrician in the prenatal and neonatal interviews, the (Lichtenberg), 270
- Serotonin metabolism in Down's syndrome (Bazelon), 58
- Special review:
- The British Medical Bulletin "Recent studies of the hypothalamus", 195
- Surgical treatment of craniosynostosis, the (Watts and Miller), 83
- Test, the face-hand, in children: directions and scoring (Ozer), 305
- Toward understanding the pediatric electrocardiogram (Perry and Scott), 253
- Translocation Down's syndrome (mongolism), trisomic and, clinical comparisons of (Ong), 49
- Translocation Down's syndrome (mongolism), trisomic and, dermatoglyphic and biochemical comparisons of (Rosner), 55
- Trisomic and translocation Down's syndrome (mongolism), clinical comparisons of (Ong), 49
- Trisomic and translocation Down's syndrome (mongolism), dermatoglyphic and biochemical comparisons of (Rosner), 55
- Treatment, the surgical, of craniosynostosis (Watts and Miller), 83
- Use of occupational therapy in a pediatric setting, the (Weiss), 118
- Vascular diseases, collagen, in children, physical medicine (Eng), 218
